Competition In Regulated Industries

Competition has been introduced progressively, starting with B.T., and continuing with the gas and electricity industries, where it is to be completed during 1998. In water, competition has so far been restricted to new developments, and it is said that it will be phased in once the initial franchises expire.

Competition and Regulation in Network Industries | SAGE ...

Regulatory competition, also called competitive governance or policy competition, is a phenomenon in law, economics and politics concerning the desire of lawmakers to compete with one another in the kinds of law offered in order to attract businesses or other actors to operate in their jurisdiction. Regulatory competition depends upon the ability of actors such as companies,

workers or other ...

Regulatory competition - Wikipedia

Competition can take various forms, such as competition for outputs, inputs, franchises, and outright takeovers. Attention is currently focused on output competition, whereby customers are being given a choice of final supplier in many industries.
