The Diving Bell and the Butterfly *Vintage*

A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French *Elle*, the father of two young children, a 44-year-old man known and loved for his wit, his style,

and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the

joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

Medical Ethics and the Movies *OUP USA*

Narrative film can be a useful way of looking at bioethical scenarios. This volume presents a collection of brief, accessible essays written by international experts from medicine, social sciences, and the humanities, all of whom have experience using film in their teaching of medical ethics. Each author looks at a single scene from a popular film in order to illuminate its ethical dimensions.

Diving Belles *A&C Black*

Along Cornwall's ancient coast, the flotsam and jetsam of the past becomes caught in the cross-currents of the present and, from time to time, a certain kind of magic can float to the surface...

Straying husbands lured into the sea can be fetched back, for a fee. Magpies whisper to lonely drivers late at night. Trees can make wishes come true - provided you know how to wish properly first. Houses creak, fill with water and keep a fretful watch on their inhabitants, straightening shower curtains and worrying about frayed carpets. A teenager's growing pains are sometimes even bigger than him. And, on a windy beach, a small boy and his grandmother keep despair at bay with an old white door. In these stories, Cornish folklore slips into everyday life. Hopes, regrets and memories are entangled with catfish, wrecker's lamps, standing stones and baying hounds, and relationships wax and wane in the glow of a moonlit sea. This luminous, startling and utterly

spellbinding debut collection introduces in Lucy Wood a spectacular new voice in contemporary British fiction.

The Beauty in Breaking

A Memoir *Penguin*

A NEW YORK TIMES BESTSELLER A New York Times Notable Book “Riveting, heartbreaking, sometimes difficult, always inspiring.” —The New York Times Book Review “An incredibly moving memoir about what it means to be a doctor.” —Ellen Pompeo As seen/heard on Fresh Air, The Daily Show with Trevor Noah, NBC Nightly News, MSNBC, Weekend Edition, and more An emergency room physician explores how a life of service to others taught her how to heal herself. Michele Harper is a

female, African American emergency room physician in a profession that is overwhelmingly male and white. Brought up in Washington, D.C., in a complicated family, she went to Harvard, where she met her husband. They stayed together through medical school until two months before she was scheduled to join the staff of a hospital in central Philadelphia, when he told her he couldn’t move with her. Her marriage at an end, Harper began her new life in a new city, in a new job, as a newly single woman. In the ensuing years, as Harper learned to become an effective ER physician, bringing insight and empathy to every patient encounter, she came to understand that each of us is broken—physically, emotionally, psychically. How we recognize those

breaks, how we try to mend them, and where we go from there are all crucial parts of the healing process. The Beauty in Breaking is the poignant true story of Harper's journey toward self-healing. Each of the patients Harper writes about taught her something important about recuperation and recovery. How to let go of fear even when the future is murky: How to tell the truth when it's simpler to overlook it. How to understand that compassion isn't the same as justice. As she shines a light on the systemic disenfranchisement of the patients she treats as they struggle to maintain their health and dignity, Harper comes to understand the importance of allowing ourselves to make peace with the past as we draw support from the present. In this hopeful, moving, and beautiful book,

she passes along the precious, necessary lessons that she has learned as a daughter, a woman, and a physician.

Clinical Ethics on Film

A Guide for Medical Educators
Springer

This book discusses feature films that

enrich our understanding of doctor-patient dilemmas. The book comprises general clinical ethics themes and principles and is written in accessible language. Each theme is discussed and illuminated in chapters devoted to a particular film. Chapters start with a discussion of the film itself, which shares details behind the making of the film; box-office and critical reception; casting; and other facts about production. The chapter then situates the film in a history of medicine and medical sociology context before it delves into the clinical ethics issues in the film, and how to use it as a teaching aid for clinical ethics. Readers will understand how each film in this collection served to bring particular clinical ethics issues to the public's attention or reflected

medico-legal issues that were part of the public discourse. The book is a perfect instructor's guide for anyone teaching bioethics, healthcare ethics, medical sociology, medical history, healthcare systems, narrative medicine, or nursing ethics.

Everything Happens for a Reason

And Other Lies I've Loved *Random House*

NEW YORK TIMES BESTSELLER • "A meditation on sense-making when there's no sense to be made, on letting go when we can't hold on, and on being unafraid even when we're terrified."—Lucy Kalanithi "Belongs on the shelf alongside other terrific books about this difficult subject, like Paul

Kalanithi's *When Breath Becomes Air* and Atul Gawande's *Being Mortal*."—Bill Gates NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE Kate Bowler is a professor at Duke Divinity School with a modest Christian upbringing, but she specializes in the study of the prosperity gospel, a creed that sees fortune as a blessing from God and misfortune as a mark of God's disapproval. At thirty-five, everything in her life seems to point toward "blessing." She is thriving in her job, married to her high school sweetheart, and loves life with her newborn son. Then she is diagnosed with stage IV colon cancer. The prospect of her own mortality forces Kate to realize that she has been tacitly subscribing to the prosperity gospel, living with the

conviction that she can control the shape of her life with "a surge of determination." Even as this type of Christianity celebrates the American can-do spirit, it implies that if you "can't do" and succumb to illness or misfortune, you are a failure. Kate is very sick, and no amount of positive thinking will shrink her tumors. What does it mean to die, she wonders, in a society that insists everything happens for a reason? Kate is stripped of this certainty only to discover that without it, life is hard but beautiful in a way it never has been before. Frank and funny, dark and wise, Kate Bowler pulls the reader deeply into her life in an account she populates affectionately with a colorful, often hilarious retinue of friends, megachurch preachers, relatives, and doctors.

Everything Happens for a Reason tells her story, offering up her irreverent, hard-won observations on dying and the ways it has taught her to live. Praise for Everything Happens for a Reason “I fell hard and fast for Kate Bowler. Her writing is naked, elegant, and gripping—she’s like a Christian Joan Didion. I left Kate’s story feeling more present, more grateful, and a hell of a lot less alone. And what else is art for?”—Glennon Doyle, #1 New York Times bestselling author of Love Warrior and president of Together Rising

An Exploration of Personhood in Locked-in Syndrome

Bob Hawke

Demons and Destiny *Penguin Group Australia*

This unprecedented biography of Hawke

includes an exclusive series of interviews with him – the last that he gave – as well as unfiltered access to his extensive trove of personal papers. It features new interviews with more than 100 people who knew and worked with Hawke, including his family and friends; political and union colleagues, and rivals; advisers and public servants; and journalists; along with international contemporaries of Hawke such as George H.W. Bush, John Major, Brian Mulroney, James Baker and George Shultz. It also brings together an extraordinary array of never-before-seen archival documents: family diaries, notes, letters and scrapbooks; school and university reports; cabinet, departmental and vice-regal papers; party strategy documents, polling and

caucus minutes; and secret correspondence and meeting records between Hawke and other Cold War leaders. Troy Bramston, an award-winning and best-selling author, tells the remarkable story of Hawke's upbringing and education, the people and events that shaped him, his rise through the union movement, his complex personality and personal life marked by womanising and the demon drink, his nine-year government from 1983 to 1991, plus his post-prime ministerial life and legacy. This book is about the real Hawke, chronicling the stunning triumphs and shocking failures, a life riddled with huge flaws and great virtues marked by redemption and reinvention, which changed Australia and shaped the world. Revelatory and compelling, it will

shock and surprise those who think they know the story of Australia's most popular prime minister.

Dying: A Memoir *Tin House Books*

"Bracing and beautiful . . . Every human should read it." —The New York Times A New York Times Book Review Editors' Choice At the age of sixty, Cory Taylor is dying of melanoma-related brain cancer. Her illness is no longer treatable: she now weighs less than her neighbor's retriever. As her body weakens, she describes the experience—the vulnerability and strength, the courage

and humility, the anger and acceptance—of knowing she will soon die. Written in the space of a few weeks, in a tremendous creative surge, this powerful and beautiful memoir is a clear-eyed account of what dying teaches: Taylor describes the tangle of her feelings, remembers the lives and deaths of her parents, and examines why she would like to be able to choose the circumstances of her death. Taylor's last words offer a vocabulary for readers to speak about the most difficult thing any of us will face. And while *Dying: A Memoir* is a deeply affecting meditation on death, it is also a funny and wise tribute to life.

Chasing My Cure

A Doctor's Race to Turn Hope into Action; A Memoir *Ballantine Books*

LOS ANGELES TIMES AND PUBLISHERS WEEKLY BESTSELLER • The powerful memoir of a young doctor and former college athlete diagnosed with a rare disease who spearheaded the search for a cure—and became a champion for a new approach to medical research. “A wonderful and moving chronicle of a doctor’s relentless pursuit, this book serves both patients and physicians in demystifying the science that lies behind medicine.”—Siddhartha Mukherjee, New York Times bestselling author of *The Emperor of All Maladies* and *The Gene* David Fajgenbaum, a former Georgetown quarterback, was

nicknamed the Beast in medical school, where he was also known for his unmatched mental stamina. But things changed dramatically when he began suffering from inexplicable fatigue. In a matter of weeks, his organs were failing and he was read his last rites. Doctors were baffled by his condition, which they had yet to even diagnose. Floating in and out of consciousness, Fajgenbaum prayed for a second chance, the equivalent of a dramatic play to second the game into overtime. Miraculously, Fajgenbaum survived—only to endure repeated near-death relapses from what would eventually be identified as a form of Castleman disease, an extremely deadly and rare condition that acts like a cross between cancer and an autoimmune disorder. When he relapsed

while on the only drug in development and realized that the medical community was unlikely to make progress in time to save his life, Fajgenbaum turned his desperate hope for a cure into concrete action: Between hospitalizations he studied his own charts and tested his own blood samples, looking for clues that could unlock a new treatment. With the help of family, friends, and mentors, he also reached out to other Castleman disease patients and physicians, and eventually came up with an ambitious plan to crowdsource the most promising research questions and recruit world-class researchers to tackle them. Instead of waiting for the scientific stars to align, he would attempt to align them himself. More than five years later and now married to his college sweetheart,

Fajgenbaum has seen his hard work pay off: A treatment he identified has induced a tentative remission and his novel approach to collaborative scientific inquiry has become a blueprint for advancing rare disease research. His incredible story demonstrates the potency of hope, and what can happen when the forces of determination, love, family, faith, and serendipity collide. Silent Warrior a Journey of Hope

One Christmas day, 1998, Kerri Oxoby had everything going for her-a new husband, a wonderful family, and the beginning of a career. All this changed with a snap decision to eat one bite of candy containing hazelnut extract, which brought on a life-threatening allergic reaction and a fight for her life. Silent

Warrior: A Journey of Hope is the story of Kerri's heroic, almost three-year battle to overcome the challenges brought on by anaphylactic shock and brain injury, as told by her mother, Shirley Oxoby, a guidance counselor with 20 years' experience. From the first terrifying moments in the ICU to the daily struggles of in-home therapy and healing, the book chronicles Kerri's journey to recovery despite resistance from the health care system, ongoing medical emergencies, the failure of insurance to address basic patient needs, and the painful setbacks that seemed to lie around every turn. In a gripping memoir that is at once heartbreaking and uplifting, Shirley Oxoby recounts her warrior daughter's valiant struggle to return to her life, and

demonstrates that there truly are no small miracles. It is a nonpolitical statement on the power of love and family.

A Short History of Falling

Everything I Observed about Love Whilst Dying *Fourth Estate*

A Short History of Falling - like The Diving Bell and the Butterfly, and When Breath Becomes Air - is a searingly beautiful, profound and unforgettable memoir that finds light and even humour in the darkest of places. Now with a

Foreword by Joe's widow, Gill Hammond
We keep an old shoebox, Gill and I, nestled in a drawer in our room. It's filled with thirty-three birthday cards for our two young sons: one for every year I'll miss until they're twenty-one. I wrote them because, since the end of 2017, I've been living with - and dying from - motor neurone disease. This book is about the process of saying goodbye. To my body, as I journey from unexpected clumsiness to a wheelchair that resembles a spacecraft, with rods and pads and dials and bleeps. To this world, as I play less of a part in it and find myself floating off into unlighted territory. To Gill, my wife. To Tom and Jimmy. *A Short History of Falling* is about the sadness (and the anger, and the fear), but it's about what's beautiful too.

It's about love and fatherhood, about the precious experience of observing my last moments with this body, surrounded by the people who matter most. It's about what it feels like to confront the fact that my family will persist through time with only a memory of me. In many ways, it has been the most amazing time of my life.
