### Drawing and Reinventing Landscape | Wiley

drawing and reinventing landscape In landscape architecture, representation has become the subject of contention and much discussion. While computer techniques have been a catalyst for change across the field of design as a whole, nowhere have the conventions of representation been called into question more than in landscape architecture - which in itself is undergoing a process of reinvention.

Drawing forces you to take time and really look at what is in front of you. It is a haptic experience. When you hold a pencil and retrace what you see, you can almost feel the object, its forms and structures. This can especially be experienced when sketching landscapes. Landscape architects deal with landscapes on different scales all the time.
