Terrorism And Transnational Security Threats

Transnational threats, security threats that do not originate in and are not confined to a single country. Terrorism, organized international crime, and the possible acquisition of weapons of mass destruction (WMD) by nongovernmental groups are commonly cited as examples of transnational threats. Heightened concern about transnational threats in the late 20th century was a consequence of advances in transportation and telecommunications.

The United Nations panel on Threats, challenges and Change has said that there are six types of threat: economic and social threats; inter-state conflict; internal conflict; nuclear, radiological, chemical and biological weapons; terrorism; and transnational organised crime and while it does go into detail on the nature of the threats there is no attempt at prioritisation leaving it up to ...

Does Terrorism Pose a Real Threat to Security?

Transnational security issues have been of concern to policymakers for quite some time now. Global terrorism, human trafficking, small arms proliferation and other forms of transnational security threats have raised concern among policymakers for several reasons. First, the negative impacts of such cross-border issues do not remain confined to the territorial boundary of a state; rather this spill over and affect other countries.
