A consistent approach to medicines regulation across the European Union
EMA 2 The EU regulatory system for medicines
The European medicines regulatory system is based on a network of around 50 regulatory authorities from the 31 EEA countries (28 EU Member States plus Iceland, Liechtenstein and Norway), the European Commission and EMA.

The European regulatory system for medicines

The European Union adopts legislation through a variety of legislative procedures. The procedure used for a given legislative proposal depends on the policy area in question. Most legislation needs to be proposed by the European Commission and approved by the Council of the European Union and European Parliament to become law. Over the years the power of the European Parliament within the legislative process has been greatly increased from being limited to giving its non-binding opinion or exclu
