The Biology 101 Lab Manual provides students with the opportunity to assume active roles in their exploration of the world of biology. Lab sessions supplement the lecture by implementing hands-on group activities and discussion. These activities aim to mirror the scientific community through a spirit of group learning, allowing students to discuss topics with their peers and interact directly with the material.

Biology 101 Lab Manual | Higher Education

Students' laboratory participation may also be evaluated in the form of a student laboratory project. 18. properly use the microscope to examine

the difference between selected prokaryotic and eukaryotic organisms. Students will be evaluated by laboratory observation and laboratory exams.
