Essays On Attachment Based Parental

Attachment is the emotional bond between humans, which is based on our relationship with a parent or early caregiver during the years of childhood. There are four different attachment styles – secure, preoccupied, dismissive, and fearful – each describing a different way in which individuals interact with others, approach social and romantic relationships, and deal with life.

The Theory of Attachment and Attachment Styles Essay ...

Attachment is defined as the emotional bond between people, particularly in long term relationships like parent and child, peer friendships, and adult romantic relationships. The theme of attachment theory is that a caregiver who is responsive to an infant's needs allows the infant to feel secure, happy, healthy, and well taken care of (Bowlby's Ethological Theory).

Free Attachment Essays and Papers | 123 Help Me

In early childhood, these attachment styles focused on how children and parents interact. In adulthood, the attachment style is used to describe the attachment pattern in a loving relationship. The concept of attachment style was born from attachment theory and research born in the 1960s

and 1970s.

Essay Examples : Study Regarding Relationship Attachment ...

Attachment theory had also contributed to policies such as shared parental responsibility, as it has emphasised the need for emotional and social relationships with caregivers, whilst also suggesting possible consequences to a child's development and the negative impact later in life if these needs were not met effectively. (LISHMAN 2007).
