The Essential Historiography Reader is by no means an exhaustive discussion of all of the historiographical issues of concern to professional historians, but it aims to help students to understand the theories, philosophies, and methods which have shaped the historical profession in the United States and to think critically about the histories they read as they begin their careers in history.

The Essential Historiography Reader

The Internet Modern History Sourcebook is one of series of history primary sourcebooks. It is intended to serve the needs of teachers and students in college survey courses in modern European history and American history, as well as in modern Western Civilization and World Cultures.

Internet History Sourcebooks

It serves as an excellent springboard for reading more specialized history books and biographies. The latest edition has been sprinkled with references to the role of women in Western history, but the same cannot be said for the other large geographic units (Ottoman Empire, Asia, Africa).
