The Emergence of Modern Turkey by Bernard Lewis

This growth in 'Modern Employees' is because the Millennial generation who were once new to the workplace, disrupting the status quo and often resented by senior management for being naive, idealistic and lazy, are finally starting to reach management levels themselves. In doing so, they are finally able to implement and demonstrate their new ways of working and get results, which is now starting to change the behaviour of the non-millennials around them, giving rise to the 'Modern ...

The emergence of the 'Modern Employee' | Millennial Mindset

In philosophy, systems theory, science, and art, emergence occurs when an entity is observed to have properties its parts do not have on their own, properties or behaviors which emerge only when the parts interact in a wider whole.. Emergence plays a central role in theories of integrative levels and of complex systems. For instance, the phenomenon of life as studied in biology is an emergent ...
