### **Fly Already**

#### **Stories** *Penguin*

From a "genius" (New York Times) storyteller: a new, subversive, hilarious, heart-breaking collection. "There is sweetheartedness and wisdom and eloquence and transcendence in his stories because these virtues exist in abundance in Etgar himself... I am very happy that Etgar and his work are in the world, making things better." --George Saunders There's no one like Etgar

Keret. His stories take place at the crossroads of the fantastical, searing, and hilarious. His characters grapple with parenthood and family, war and games, marijuana and cake, memory and love. These stories never go to the expected place, but always surprise, entertain, and move... In "Arctic Lizard," a young boy narrates a post-apocalyptic version of the world where a youth army wages an unending war, rewarded by collecting prizes. A father tries to shield his son from the inevitable in "Fly Already." In "One Gram Short," a guy just wants to get a joint to impress a girl and ends up down a rabbit hole of chaos and heartache. And in the masterpiece "Pineapple Crush," two unlikely people connect through an evening smoke down by the beach, only to have one of them imagine a much deeper relationship. The thread that weaves these pieces together is our inability to communicate, to see so little of the world around us and to understand each other even less. Yet somehow, in these pages, through Etgar's deep love for humanity and our hapless existence, a bright light shines through and our universal connection to each other sparks alive.

While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. **People Love Dead Jews: Reports from a Haunted Present** *W. W. Norton & Company*

A startling and profound exploration of how Jewish history is exploited to comfort the living. Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on subjects related to Jewish culture—and increasingly in response to a recent wave of deadly antisemitic attacks—Horn was troubled to realize what all of these assignments had in common: she was being asked to write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition *Auschwitz*, the marketing of the Jewish history of Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why there might be so much fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare's Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her children's school, the profound perspective offered by traditional religious practice and study—to assert

the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

### **A Manual for Writers of Research Papers, Theses, and Dissertations, Eighth Edition**

**Chicago Style for Students and Researchers** *University of Chicago Press*

A little more than seventy-five years ago, Kate L. Turabian drafted a set of guidelines to help students understand how to write, cite, and formally submit research writing. Seven editions and more than nine million copies later, the name Turabian has become synonymous with best practices in research writing and style. Her *Manual for Writers* continues to be the gold standard for generations of college and graduate students in virtually all academic disciplines. Now in its eighth edition, *A Manual for Writers of Research Papers, Theses, and Dissertations* has been fully revised to meet the needs of today's writers and researchers. The *Manual* retains its familiar three-part structure, beginning with an overview of the steps in the research and writing process, including formulating questions, reading critically, building arguments, and revising drafts. Part II provides an overview of citation practices with detailed information on the two main scholarly citation styles (notes-bibliography and author-date), an array of source types with contemporary examples, and detailed guidance on citing online resources. The final section treats all matters of editorial style, with advice on punctuation, capitalization, spelling, abbreviations, table formatting, and the use of quotations. Style and

citation recommendations have been revised throughout to reflect the sixteenth edition of *The Chicago Manual of Style*. With an appendix on paper format and submission that has been vetted by dissertation officials from across the country and a bibliography with the most up-to-date listing of critical resources available, *A Manual for Writers* remains the essential resource for students and their teachers.

Classic warped and wonderful stories

from a “genius” (The New York Times) and master storyteller. Brief, intense, painfully funny, and shockingly honest, Etgar Keret's stories are snapshots that illuminate with intelligence and wit the hidden truths of life. As with the best writers of fiction, hilarity and anguish are the twin pillars of his work. Keret covers a remarkable emotional and narrative terrain—from a father's first lesson to his boy to a standoff between soldiers caught up in the Middle East conflict to a slice of life where nothing much happens. New to Riverhead's list, these wildly inventive, uniquely humane stories are for fans of Etgar Keret's inimitable style and readers of transforming, brilliant fiction.
