Introducing Language Typology - Edith A. Moravcsik ...

Linguistic typology is a field of linguistics that studies and classifies languages according to their structural and functional features. Its aim is to describe and explain the common properties and the structural diversity of the world's languages. Its subdisciplines include, but are not limited to: qualitative typology, which deals with the issue of comparing

languages and within-language variance; quantitative typology, which deals with the distribution of structural patterns in the ...
