Intermediate Listening Comprehension is the first volume in this groundbreaking listening and notetaking series of THOMSON. This book is designed to familiarize students with the major rhetorical patterns of formal, spoken English.

Listening & Notetaking Skills Series - International ...

Listening comprehension encompasses the multiple processes involved in understanding and making sense of

spoken language. These include recognizing speech sounds, understanding the meaning of individual words, and/or understanding the syntax of sentences in which they are presented. Listening comprehension can also involve the prosody with which utterances are spoken (which can, e.g., change intended meaning from a statement to a question), and making relevant inferences based on context, ...
