The BMW E39 is the fourth generation of BMW 5 Series, which was manufactured from 1995 to 2004. It was launched in the sedan body style, with the station wagon body style introduced in 1996. The E39 was replaced by the E60 5 Series in 2003, however E39 Touring models remained in production until May 2004. The proportion of chassis components using aluminium significantly increased for the E39, and it was the first 5 Series to use aluminium for all major components in the front suspension or any

Think your best option for some bass without a massive floor install (although this would be good!) is to add the amp to your rears and consider replacing the speaker pods. Think you have 6" rears (rather than the 5.25" in the saloon) which should rock, IF, they had room to breath, but the speaker pods are so small, there's no

air volume for the speaker to actually work effectively.
