And Macroeconomics ...

Microeconomics considers the economics of everyday life, the decisions that we as households take and the impact of businesses in different and often related industries.

Macroeconomics is the study of the economy as a whole and it also analyses the global (international) economic system.

Understanding Microeconomics vs. Macroeconomics

Economics Definition: Economics is essentially a study of the usage of resources under specific constraints, all bound with an audacious hope that the subject under scrutiny is a rational entity which seeks to improve its overall well-being. Two branches within the subject have evolved thus: microeconomics (individual choices) which deals with entities and the interaction between those entities, while macroeconomics (aggregate outcomes) deals with the entire

economy as a whole.

Introduction to Economics: Basic Concepts & Principles ...

These are Macroeconomics and Microeconomics. The term macro means large. Thus macroeconomics is concerned with the economy as a whole entity and deals with generic problems of the economy like inflation , poverty etc. Macroeconomics is the study of aggregates and concludes the general effect on the economy as a whole, due to the summed up changes of various processes determining the state of the economy.

introductory micro and macro economics

Midterm exam 1 covers
material from the
beginning of the
course: Unit 1: Supply
and Demand; Unit 2:
Consumer Theory; The
exam tests your
conceptual,
mathematical and
graphical
understanding of the
material covered in

this portion of the
course. Content
Review. Please review
the content from the
units covered before
attempting the exam.

Midterm Exam 1 | Principles of Microeconomics | Economics ...

Economics may have a
reputation as a dismal
science, but in fact it
addresses some of the
most fundamental
problems we face: How
to make the best
decision given that
resources are limited.
You can use the tools
of microeconomics to
decide how best to
spend your income;
how best to divide your
time among leisure
activities; or how many
people to hire in the
business you run.
