Severe horizontal inequalities are undesirable in themselves and can lead to violent conflict. It is therefore important to reduce them wherever possible. This paper reviews a range of policies that could contribute to reducing HIs in the political, socio-economic and cultural status dimensions.

Horizontal Inequalities - GSDRC

There is increasing evidence that the

presence of horizontal inequalities (HIs), or inequalities among groups, raises the risk of conflict, and this is the central issue covered in these readings. There has long been controversy as to the role of inequality in causing conflict with some econometric studies finding little connection (Fearon & Laitin 2003; Collier & Hoeffler 2004).
