An aptitude test is an
assessment used to
determine a
candidate's cognitive

ability or personality. They're extremely common in job assessments as they can be used to predict the likelihood of a candidate's success in a job role, whilst eliminating any bias through its standardised administration. You are likely to encounter them in selection for all job sectors; however, they will be specialised to cater for the specific job requirements of the role.

Aptitude Test, FREE Online Practice Aptitude Tests

While aptitude tests won't necessarily test candidates on their ability to perform a specific job within a company, they will give the employer a general sense of how well a candidate can think on

their toes and demonstrate critical-thinking skills that would be reflective of the type of thinking they'll need to do on the job. Administering aptitude tests allows companies to narrow down the number of candidates who have applied for a job to a more refined group that may be more qualified ...
