Public Sector Accounting And Budgeting

Traditionally, public sector budgeting has relied on the 'incremental approach'. This means that the previous year's budget is carried forward to the next budget round. The next budget is adjusted for known factors, including new legislative requirements, performance indicators, such as response times, and the anticipated levels of cost and salary inflation.

Public Sector Accounting and Budgeting for Non- Specialists ...

Public Sector is a part of the country's economy where the control and maintenance are in the hands of Government. If we talk about Private Sector, it is owned and managed by the private individuals and corporations. The aim of the public sector is to serve people, but private sector enterprises are established with the profit motive.
