Symbolic Interactionism is a collection of papers by Herbert Blumer summarizing the social psychological & sociological implications of Meads work. You might think that a lack of progression would get old, or feel choppy, but I found that compiling these papers in this way gave Blumer a chance to present the symbolic interactionist theory in a few different lights which was as refreshing as it was insightful.

In 1983 the American Sociological Association honored him with its Career of Distinguished Scholarship Award, acknowledging the importance of his codification of the fundamental theoretical and methodological tenets of the sociological perspective that he called symbolic interactionism.

Symbolic Interactionism Perspective and Method

Blumer's symbolic interactionism is a theory in sociology that focused in the 1930s on the study of interaction between people and brought in field studies as the data collection method of choice (Blumer, 1968). Symbolic interactions are intentional and convey meaning – Blumer leaves out unintentional, unsymbolic ones such as reflexes.

The Significance of Symbolic Interactionism for Grounded ...

Symbolic interactionism focuses on looking at the actions and interactions among the individuals rather than at the group level. The basic premise of this theory lies in the fact that individuals use the process of communication to give meaning to the things around them, also others around them. This meaning is symbolic.

what is symbolic interaction theory in sociology? and Examples

Symbolic Interaction and Cultural Studies, Howard S. Becker and Michal M. McCall (eds), University of Chicago Press, 1990, 286 pages, £29.95 hardback, £11.95 paperback.. Here is a book that is of interest to a wide range of readers for it spans and draws together material from both the social sciences and the humanities.

THEORY and METHOD

Functionalism, the conflict theory and symbolic interactionism are three distinct and common sociological perspectives that share differences and similarities due to the methods in which they evaluate society. Several sociologists, including Durkheim, Karl Marx and Max Weber, contributed to these extensive, diverse theories.

Functionalism v. The Conflict Theory v. Symbolic ...

Herbert George Blumer was an American sociologist whose main scholarly interests were symbolic interactionism and methods of social research. Believing that individuals create social reality through collective and individual action, he was an avid interpreter and proponent of George Herbert Mead's social psychology, which he labelled symbolic interactionism. Blumer elaborated and developed this line of thought in a series of articles, many of which were brought together in the book Symbolic Inte
