citizenship discourse theory and transnational prospects

TEHRAN – “Citizenship: Discourse, Theory, and Transnational Prospects” written by Peter Kivisto and Thomas Faist has recently been published in Persian by Gol Azin Publications in Tehran. Translated by Mohsen Niazi and Vali Bahrami, the 2007 book discusses the important role of citizenship in the world’s liberal democracies and how it is evolving.

“Citizenship” appears in Iranian bookstores - Tehran Times

Abstract. The chapter discusses the contemporary tensions within citizenship as a substantive concept, focusing on the effects of migration on citizenship and utilising both the theoretical debates and empirical studies. Focusing on the experience of post-communist citizenship, we study which aspects of citizenship appear most relevant and which kind of message this conveys for citizenship and human rights.
